

DISTRIBUTION LIST FOR ENVIRONMENTAL NOTICES

In general, environmental notices should be sent to all interested parties, including:

- Local News Media
- Individuals and groups interested in your activities, including historical societies and groups
- State and federal agencies, as appropriate

Following is a list of state and federal agencies most appropriate to receive environmental notification.

- Agencies marked with one asterisk (*) and Tribes, if applicable, must receive the Combined Notice. (The NOI is distributed to Tribes and agencies only if the project is located in a floodplain and/or wetland. Otherwise, the NOI on its own is not required to be sent to Tribes and agencies.)
- If the project is located within the 100-Year Floodplain and/or Wetland, all agencies listed below, and Tribes, if applicable, must receive both the EPN and NOE in addition to the NOI or Combined Notice, whichever is applicable.
- If the proposed project involves development or conversion of prime or unique agricultural land for non-agricultural use, submit EPN and NOE (if applicable) and the NOI or Combined Notice, whichever is applicable, to USDA Natural Resources Conservation Service.
